Bardessono presents Linda Meredith Oxygen Therapy Facial Treatments

Haute Couture Oxygen Therapy Facial | 60 minutes | \$295

Oxygen is nature's most powerful healing element. The unique difference of a Linda Meredith Oxygen treatment is the medical grade oxygen and its complementary bespoke serum: A vitamin enriched formula with high percentages of important ingredients such as hyaluronic acid and beta glucan. Incredible results are obtained with a course of six treatments close together, ensuring the effects remain over a period of months.

Haute Couture Oxygen Therapy Facial Plus Collagen OR Hyaluronic | 80 minutes | \$375

The Haute Couture Oxygen Therapy Facial with the addition of freeze-dried collagen OR infused hyaluronic acid moistened into the contours of the face. This process reactivates the ingredients which then absorb deep into the epidermis. The oxygen concentrator is used to increase the absorption rate of the ingredients.

The V-Tox Oxygen Facial | 80 minutes | \$395

This Linda Meredith alternative is called V-TOX and uses algae derivatives to relax the skin. This facial is designed for those who want to see visible results but do not want to undergo an invasive cosmetic procedure. The Linda Meredith Oxygen treatment is carried out and then the V-TOX is added to specific areas that need to be treated, or a fine layer can be applied over the entire face and neck. The product is then infused into the skin by the steady flow of oxygen. Results are visible with just one treatment and incredible results are achieved with a course of six treatments close together, ensuring the effects remain over a period of months.
